

## SOUTHWARK & LAMBETH INTEGRATED CARE

### What is Southwark and Lambeth Integrated Care?

Southwark and Lambeth Integrated Care is the partnership that brings the health and social care organisations and citizens of Southwark and Lambeth together to improve care for local people, so they can lead healthier and happier lives.

### Who is in Southwark and Lambeth Integrated Care?

Southwark and Lambeth Integrated Care is a partnership between commissioners, service providers, citizens and communities. It includes:

- GPs
- King's College Hospital NHS Foundation Trust
- Guy's and St Thomas' NHS Foundation Trust
- South London and Maudsley NHS Foundation Trust
- Southwark Council
- Lambeth Council
- Southwark Clinical Commissioning Group
- Lambeth Clinical Commissioning Group
- Voluntary sector organisations
- Local people and communities.

The partnership is supported by Guy's and St Thomas' Charity.

### What does it do?

Everyone involved is committed to working together to develop and deliver services that matter to citizens and make a real difference in their lives. People have told us that they want to:

- Feel in control of their care and support
- Remain independent
- Have access to better coordinated services
- Be able to do more for themselves, whilst knowing support is available when they need it
- Improve their health to help prevent them becoming unwell.

### What difference will you see?

- People will have much more control over their own care
- Health and social care organisations will work more closely together
- People will find it easier to get the right care they need in the right place at the right time.

## How can I get involved?

We are keen that people from Southwark and Lambeth are involved at every stage in the development and delivery of services. You might want to:

- Tell us about your experience of health and social care - what went well and what could be better
- Share your ideas on what services should be like in the future
- Use your skills and knowledge to help provide services that support people in the community
- Come along to our regular Citizens' Forums or other meetings
- Something else? Please tell us.

## Tell us what you are interested in

	Yes/No		Yes/No
How to prevent someone having a fall		Helping people manage their own care	
Help prevent infections in older people		Development of services in GP surgeries	
Improving nutrition		Improving care in people's homes	
Support for people with dementia		Sharing information and using IT	
Hospital discharge		Communications and publicity	
Helping people to live healthier lives		Developing community services	
Something else? Please tell us
